

Learn Through Experience:

Through activities and programmes at the ISLC students experience the excitement and challenge of developing skills and strengthening character. A series of interactive workshops and exercises develop confidence while teaching skills that will help participants achieve greater success in school, university and life.

Learn From Each Other:

During the ISLC, participants spend time talking, sharing and making lasting friendships with other young leaders from across Ireland. Students will remember their experience and friendships they've made for years to come.

Student Leadership Conference

University of Limerick, July 11-15, 2011

BE SOMEONE

If not **now**,
then **when**?

If not **you**,
then **who**?

Operation Smile Ireland

Irish Student Leadership Conference
At the University of Limerick,
July 11-15, 2011

This year Operation Smile Ireland will host the 1st Irish Student Leadership Conference (ISLC) at the University of Limerick, July 11-15, 2011.

The Irish Students who have participated on Operation Smile Medical Missions as well as those who have been educated at previous Student Leadership Conferences will actively host the ISLC as the Executive Leadership Council (ELC).

Leadership:

Leadership flourishes in environments that challenge us and allow us to experience and explore.

ISLC participants are given opportunities to learn lessons of leadership from those who lead.

Our future is in the hands and hearts of the young and that is why Operation Smile works so hard to provide educational and leadership development opportunities. It's our hope that tomorrow's leaders will have an even greater impact on the children of the world.

Student Programmes:

An estimated 5,000 students serve as Operation Smile volunteers in schools across Ireland and around the world.

Initiated 5 years ago, the Irish student involvement has expanded to include secondary schools, universities, and medical schools.

When students help children in need, they learn firsthand how they can make an impact on the world and learn the importance of "giving back".

The Operation Smile Student Programme helps students build leadership skills, self-esteem and a lifelong commitment to serving others.
