Month	July
Start date	July 1, 2023
End date	June 30, 2029
Country	Tanzania (COSECSA HQ)
City	Arusha

Participation

Trainees	16

Program Description

"COSECSA Operation Smile Collaboration" project plastic surgery training for 16 candidates from Sub-Saharan Africa, These candidates will include 8 plastic surgery trainees that have already completed undergraduate medical training and will be supported via a "Plastic Surgery Scholarship", 5 additional fellows that have already completed their MCS and are seeking a scholarship for FCS in Plastic Surgery and 3 Sub-Saharan African Plastic Surgeons through Operation Smile COSECSA Plastic Surgery Scholarships on the 3-year FCS-Plastic Surgery program for remaining training period of 18 months.

Strategic Rationale

These collaborative efforts will enable the parties to provide plastic training in safe, accredited hospital training sites. The parties intend that the trainees will provide high-quality cleft and plastic

surgery for patients in underserved areas in Sub-Saharan Africa during and following their training. The parties further intend to enter contractual agreements with each individual candidate to define the service delivery commitments of each candidate during and following their training.
